School Description

Welcome to Kenwood Elementary School! Our school is a wonderful place where teachers, students, parents and community members work together to create an environment where children love to learn. Kenwood School District is a single-school district, with a grades K-6 school.

The district is governed by a 5-member elected board of trustees. Bob Bales is the District Superintendent/Principal. Our current enrollment is 154 students. We have one class for each grade level, as well as a specifically designed multi-grade classroom of fifth/sixth graders. Our school averages less than 19 students per room.

In addition to our outstanding, dedicated teacher staff, all classrooms are supported by an instructional aide, who assists the teacher and works with small groups of students during focused instructional time.

As a public school that is situated in a beautiful and peaceful country setting in Sonoma County, our unparalleled small class sizes and high achievement in standardized tests continues to draw the interest of families who are looking for the most comprehensive educational program for their elementary school age children.

I. General Information

School Description and Mission Statement

The Kenwood School is the only school in the Kenwood School District, which serves 170 students in preschool through sixth grade. It is located in Kenwood, California, in Sonoma County, about 60 miles north of San Francisco, in a beautiful agricultural area, the Valley of the Moon.

The community is proud of and involved in the school. A very strong parent support group (The Kenwood School Association) and a foundation (The Kenwood School Foundation) both help ensure strong, supportive, community involvement and quality education for the children.

The mission of the Kenwood School is to provide a broad-based education with an academic focus which will enable each student to reach his/her full potential.

VIII. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 10, and 11. Student scores are reported as

performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. **Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.**

scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at <http://star.cde.ca.gov/>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less

<p><i>The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE Web site at http://www.cde.ca.gov/ta/tg/pf/. IX. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API – Three-Year Comparison

API Rank	2004	2005	2006
Statewide	9	9	9
Similar Schools	10	10	1
<p><i>This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.</i></p>			

API Changes by Student Group – Three-Year Comparison

Group	Actual API Change			API Score
	2004 to '05	2005-06	2006-07	2007

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

AYP Overall and by Criteria

AYP Criteria	School	District	The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: <ul style="list-style-type: none"> Participation rate on the state's standards-based assessments in English-Language Arts (ELA) and Mathematics. Percent proficient on the state's standards-based assessments in ELA and Mathematics API as an additional indicator Graduation rate (for secondary schools).

Participation Rate - Mathematics	Yes	Yes	
Percent Proficient - English-Language Arts	Yes	Yes	
Percent Proficient - Mathematics	Yes	Yes	
API	Yes	Yes	
Graduation Rate	n/a	n/a	

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Federal Intervention Program

Indicator	School	District
Program Improvement Status	In PI	Not in PI
First Year of Program Improvement	2007-08	n/a
Year in Program Improvement	Year 1	n/a
Number of Schools Currently in Program Improvement	n/a	1
Percent of Schools Currently in Program Improvement		100%

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.
